## LIQUIDITY AND FUNDING

Cash and cash-like investments fell by **4.1%** to **EUR 884m**, and with **EUR 200m** of undrawn committed facilities liquidity stood at **EUR 1.1bn**, or **35.6%** of revenue.

Debt due within one year rose by **2.0%** to **EUR 290m**, covered **3.74x** by liquidity, and borrowings due within two years of **EUR 182m** are covered **5.95x** by liquidity, so near-term maturities are met without new funding.

Free cash flow after lease payments turned positive at **EUR 209m**, from **EUR -130m** in FY2023, lifting FCF after leases to debt by **17.6 points** to **11.2%**.

Customer prepayments rose, with contract liabilities up by **30.0%** to **EUR 659m** and advance ticket cover at **74.5%**, so a larger share of the cash balance is customers' money.

## WATCH ITEMS

- Customer prepayments: advance ticket cover rose by **19.5 points** to **74.5%**, so refunds or slower bookings would draw on cash held for customers.
