OPERATING METRICS

	FY2022	FY2023	FY2024	FY2025
Passengers	23.7m	29.5m	31.7m	32.6m
Traffic growth	127.7%	24.7%	7.3%	2.8%

Aeronautical revenue per passenger increased by **3.1%** to **EUR 16.05**, helped by charge adjustments under the price-cap formula and dampened by higher temporary winter incentives.

Personnel expenses rose on collective wage increases and additions to personnel provisions, partly related to underutilisation, and the loss of control over the Get2 subsidiary removed it from full consolidation.
